Precision machined parts

Pump shaft

Stepped pump shafts turned, ground and keyway-milled to drawing, with hardness and run-out checks on every piece.

Product code	KF-MP-SH
Material / grade	EN8, EN19, SS 410, SS 431
Sizes	Ø 20 to 120 mm, Length up to 1,500 mm
Minimum order	50 pcs
Lead time	20 to 25 days
Packing	Each shaft wrapped, in wooden boxes

Specifications

Diameter tolerance	±0.01 to ±0.02 mm
Run-out	0.02 mm max
Surface finish (bearing seats)	0.4 to 0.8 Ra µm
Heat treatment	Hardened and tempered on request
Inspection	Hardness, run-out, dimensional report

Standards and certificates

ISO 9001:2015

Typical applications

Centrifugal pumps, Gearboxes, Agitators
