Precision machined parts

Hydraulic adaptor

Hydraulic adaptors and connectors machined on CNC sliding-head lathes, with thread gauging on every lot.

Product code	KF-MP-HA
Material / grade	SS 316, EN1A leaded, carbon steel
Sizes	¼″ to 1½″, BSP, NPT, JIC, ORFS
Minimum order	500 pcs
Lead time	15 days
Packing	Bags of 50, capped ends

Specifications

Threads	BSPP, BSPT, NPT, JIC 37°, ORFS
Working pressure	Up to 400 bar
Plating	Zinc, zinc-nickel or passivated
Gauging	Thread plug and ring gauges, every lot

Standards and certificates

ISO 9001:2015

Typical applications

Hydraulic power packs, Mobile machinery
