Forged flanges

RTJ flange

Ring type joint flanges with precision-machined octagonal grooves for high-pressure, high-temperature service.

Product code	KF-FL-RTJ
Material / grade	ASTM A182 F11 / F22 / F316
Sizes	1″ to 16″, Class 600 to 2500
Minimum order	50 pcs
Lead time	20 to 25 days
Packing	Groove protected, boxed

Specifications

Standard	ASME B16.5 / API 6A dimensions
Groove	R, RX, BX profiles
Groove finish	32 to 63 Ra µin
Hardness check	100% of grooves

Standards and certificates

ISO 9001:2015, ASME B16.5

Typical applications

Wellhead equipment, Steam lines, Refinery piping
